SINCE 1984 WITH OVER 20 YEARS OEM EXPERIENCE

[0.0]

INTRO

ZHEJIANG XIOR AUTOMOTIVE PARTS MANUFACTURE CO.,LTD was set up in 1984. Today XIOR is a professional enterprise for engine products developing and manufacturing, especially a leader in sensor series in China. Our products apply to automobile, ship, construction machinery and generator. Furthermore, we have advanced R&D center, Testing center and logistics center.

XIOR sale management center is located in Shanghai. We serve major auto engine manufacturers in China and gain more than 70% market share. Meantime our products export to many countries all over the world. At present we are OEM supplier for several famous companies in Europe and North America.
